

PPG COLLEGE OF EDUCATION

Best Practices

I. Best Practice

1. Prayer time

Every morning, we start the day with powerful and divine prayer which includes the following activities.

- ✚ Prayer song
- ✚ Thought for the day
- ✚ Thirukkural with meaning
- ✚ Speech on various topics (Tamil and English)
- ✚ General knowledge questions
- ✚ Exploring current affairs by delivering daily news report

Students and all the staff members participate in the assembly. Since the student teachers have to handle the school students, they need to know how to organize the assembly. It plays a major role in elevating moral and social values among the young community.

2. Objectives of the Practice

- ✚ Assemblies can also be used to have moral speech delivered by the faculty members which includes awareness on health issues, green revolution and social responsibilities etc.,
- ✚ At the end of the week, we also celebrate achievements of our wards to recognizing stars of the week.

3. The Practice

Education elevates the standard of living of students. Practice in the above tasks makes them perfect, independent and successful, both personally and philosophically. We believe that spiritual practice develops the regularity in occupational competence which helps the wards to succeed with great achievements.

4. Resources required

1. Books and NEWS papers

II. Best Practice

1. Life skill course

The aim of teaching the life skill course is to foster the emotional, social and intellectual stability which requires for the entire success in life. These courses are conducted in the following arenas to induce positive attitude towards their profession.

-  Positive thinking
-  Self awareness and self motivation
-  Communication skill
-  Time management
-  Stress coping management
-  Emotional intelligence
-  Women empowerment

2. Objectives of the Practice

Student,

-  acquires the knowledge of different skills
-  develops the positive attitude
-  able to build self reliance
-  develops self confidence.
-  develops the Emotional stability
-  develops the positive social change

3. Practice

Faculty member delivers their lecture on the above said topics by adopting different teaching techniques such as group discussion, mutual interaction and multimedia presentations. It promotes sense of self-confidence, ability to determine their own choices and to realize their right of influencing social change.

1. Resources required

Multimedia presentations were implemented in the classrooms.
